

Lumin[®]

CPAP Sanitizer

ITEM NO. LM3000

Clean air, Promise

 **3B[™] Medical, Inc.**
www.3Bproducts.com

Ozone Free

Ozone has been shown by the EPA to irritate the lungs and respiratory system, making it extra harmful for people with respiratory illness.

Multi-Purpose

Lumin is also a great option for personal care items (i.e. nebulizer, hearing aids, toys, cell phones).

Safe

Lumin relies on UVC to disinfect. Unlike other methods, Lumin does not use a toxic and harmful gas and is the safest disinfection method available.

Fast & Easy

Lumin requires only a single button to start. With a 5 minute cycle, it is the fastest and easiest method to sanitize CPAP accessories on the market.
